WAR GREAT LEVIELLER
OF THE SPICES

"Colonel's Lady" and Judy O.
Grady" Rub Elbows Most
Democratically

By MARGARET MASON.
(Written for the United Press).
Oh! London's tepid turvy town
They dim the lights when night
comes down,
The theaters but two nights play
And give a daily matinee,
And most the women that you
meet
Have all turned workmen in the
street.
The rich walk while the poor ride
out.
Ah! truly things are turned
about.

London, Nov. 24. If you are afraid
to go home in the dark these days,
you'd better not venture out after tea
time in London these days or rather
night. You feel as if you had been
transported back into the medieval
or more fittingly the dark ages when
you step blinking like an owl into
the murky dimly lighted thorough-
fares.

I for one am glad that most of the
theaters give daily matinees and but
two night performances a week. It
is far from a cozy thing after the
play to be all alone in London in the
dark and on the outside of a taxi
looking in with absolutely no hope
of being on the inside looking out.

Petrol High.
The price of petrol is so high and
the chauffeurs are so scarce that
taxi at nightfall become as fleeting
and elusive as bats awing. They
whiz by you deaf to your shouts and
blind to your tears.

Taxi drivers are now known as
"haughties" so fastidious and particu-
lar have they become about their
fares. If they size you up and like
your looks even then you mustn't be
too optimistic. They may not like
your destination and refuse to take
you after all. Indeed so near perfec-
tion do you have to be in appearance
and address that it is really simpler
and safer to begin walking right
away.

There are not many women driving
taxis yet but they are running eleva-
tors, acting as conductors on buses,
cleaning streets, working in rail-
way yards, running delivery wagons
and working in munition factories. It
is a curious thing that in all the
manual, strenuous and more virile
work heretofore done by the men the
women now excel, but those trying
to replace the men in the finer seem-
ingly more feminine arts are of cook-
ing, tailoring and hairdressing are
but sorry substitutes for the sterner
sex.

War: A Leveller.
As a leveller of sexes and classes
the war is doing wonders that vie
with its horrors for a balancing re-
sult. Women are coming into their
own as independent wage earners and
the "Colonel's lady and Judy O'Grady"
are rubbing elbows in the munition
factories. The rich and titled are working
side by side with the poor and lowly. The
pampered pets have given up their
motors so the poor wounded Tommies
may ride and after the theater they
too are forced often to huddle in
the haughties are no respecters of
either birth or breeding.

Yes times are dark and streets are
dark in London, but there are bright
spots. For though its Zepps that
make London dark, London makes
light of Zepps. Sometimes they make
a light of them. When word arrives
that Zepps are on the way there is
some seat and thrill in staring up all
night and upon a roof to glimpse a
huge flaming mass, pointed out by the
silver fingers of the searchlights, that
falls from the sky like a gargantuan
skyrocket set off by an intrepid young
British airman.

Airships Blazing.
But bringing airships blazing out
of the clouds and women filling
bombs instead of nursing bottles and
pedestrians blundering around like
moles in the Stygian streets are but
commonplace.

"I Am Innocent!" Cries Woman Named In McDaniel Case!

"HATTIE AND I WERE CHUMS AND CONFIDANTS," DAG-
MAR KRUCKER TELLS THE TRIBUNE; "GOSSIPS
ARE TEARING MY CHARACTER TO PIECES; MY LIFE
SPRANG FOR THEM."

St. Joseph, Mo., Nov. 24. "The woman in the case" the woman
thrust into the McDaniel case by the charges of McDaniel's prosecutors
asserts she is entirely innocent; just as McDaniel himself, the prosecuting
attorney on trial for the murder of his wife, maintains his guiltlessness
and denies that Mrs. McDaniel ever
threatened divorce proceedings.

The woman is Mrs. Dagmar Kruck-
er, divorced wife of a small-salaried
clerk, herself a statuesque, handsome
woman, well dressed, and the mother
of a 13-year-old girl in school.

At her father's home Mrs. Kruck-
er dictated this statement to me, that
The Tribune readers might know her
side of the tangled tale of tragedy:

"I have lived all my life here in St.
Joseph. Everyone knows me. Every-
one knows my life as it was lived in
childhood, in girlhood, in womanhood.
My life speaks for itself.

"There are no hidden chapters in
my life. Gossips are tearing my char-
acter to pieces; they say cruel things
about me. One innocent woman has
been murdered; another woman's life
is being ruined by suspicion and
slander.

"No one feels more deeply than I
about this terrible tragedy!"
"I knew Hattie Moss, Mrs. McDaniel,
since our high school days. We
were chums then and confidants. We
were chums and confidants at the
time of her death last July.

"After we both married we were
neighbors. My little Margaret and her
daughter Helen were the same seat
in school today. Our husbands are
friends, and brother Elks and brother
Shriners.

"We were together almost every
day. We belonged to the same
clubs; we shared the same pleasure
clubs. Hattie Moss was the most straight-
forward, courageous woman I
ever knew. She would not pretend
friendship for me if she was not my
friend.

"Now they say she was jealous of me that I had wrecked her
home; they link my name everyday with this tragedy.
"I am innocent!"
"In the name of my baby girl, I am innocent of wronging my
friend!"

ATMOSPHERE OF DRAMATIC
IMPULSES PERVADES OFFICE

Girl Tells Story to State's Attor-
ney Mother and Daughter
Embrace Each Other

An atmosphere of dramatic im-
pulses gripped the office of State At-
torney Berndt this morning, when
Miss Annie Balzer, 15-year-old daugh-
ter of Mr. and Mrs. Michael Balzer
of this city, who eloped with Albert
E. Marquette, married, last Saturday
evening, ran to the arms of her moth-
er as Sheriff French led her into the
office, and unfolded a story heavily
precipitated with tears of her "vacation"
spent in Jamestown.

Returned to City Yesterday.
Albert E. Marquette, son of A. P.
Marquette, proprietor of the Bismarck
Steam Laundry, who made eyes at
the pretty little mangling girl in
father's place of business, which gave
impetus to the elopement, returned to
Bismarck yesterday afternoon with
the girl on advice from the boy's
mother. The mother and son had
communicated with each other last
Wednesday from Jamestown. But this
information was not conveyed to the
sheriff's department.

Slips Into the Warrant.
With his return, Marquette slipped
into a warrant charging him with kid-
napping. He was arrested at his home
with the girl late yesterday afternoon.
Both were taken to the county jail.
Marquette will be arraigned before
Judge Dolan some time today to an-
swer the charge. The girl was taken
before State Attorney Berndt shortly
before 10 o'clock this morning. In
the office were the mother, the father
and another relative. Mother and
daughter hugged each other for fully
five minutes, when the sonation was
ordered, that the girl could tell her
story to the attorney.

Asked Her to Take Vacation.
"He just asked me to take a vaca-
tion to Jamestown and not to tell my
mother," was the preface statement
to the girl's story. "Yes, we had
planned it for a week and another boy
and girl were to go with us. I knew
he was married and had a wife and
two children, but he always told me
he didn't live with her and that he
was going to get a divorce."

She Gets Rooms in Hotel.
The young girl, who told the states
attorney that she would be 16 years
old on February 4, 1917, said she left
home with Marquette on No. 2 of Sat-
urday evening, that they arrived in
Jamestown about 10:45 o'clock that
evening, went to a dairy lunch and
then to a hotel "on the left side of
the street going north." She regis-
tered as Annie Balzer and he as Al-
bert Marquette, according to her story,
she being given room No. 4. She
said she paid 75 cents for the room
each day and that they purchased
their tickets on the train in going to
Jamestown.

Questioned About Ring.
States Attorney Berndt questioned
the young girl concerning a wrist
watch and ring. She declared that
she "found the ring," but when told
to tell the truth, admitted that he
had given it to her about two or three
weeks ago, and the bracelet watch,
last Saturday before leaving for
Jamestown.

Questioned sternly and closely on
her actions in Jamestown, since last
Saturday night, the girl was emphatic
that there was no intimacy between
the two. She said he was going to
take work on the sewer there and
that she had been promised a job to
begin work today, but both decided
to return to Bismarck after Mar-
quette had talked with his mother over
the telephone last Wednesday.

Didn't Know Warrant Was Out.
"Did you know that a warrant was
out for the arrest of Marquette?" asked
the states attorney, to which the
girl answered in the negative, stating
that they had inquired for a Bismarck
paper, but could not get one.

"I didn't want to go home, I wanted
to stay and go to work," said the girl,
"and I didn't know we were wanted
until told so at Marquette's home."
She told the attorney that she "was
afraid" to go to her home after ar-
riving in Bismarck and that Mar-
quette had telephoned to some place
(the name of which she did not re-
member) in the hope of getting her
board and room.

Rabies Wasted On Altar Of Foolish Conventions Declares College Professor

Chicago, Nov. 24.—America wastes
babies and can't afford it. Professor
James L. Tufts of the University of
Chicago made the charge in a speech
to the reform department of the Chi-
cago Women's club.

"I am talking about the babies of
unmarried mothers," he said. "Grave
economic waste results from denying
justice and a legal status to such
babies. When we refuse them a fair
chance the loss is ours as much as
theirs. We handicap them so that
they do not grow up to become the
useful citizens that we need. What-
ever may be thought of the ethical
aspect of the problem, we ought to

take better care of such babies for
the sake of the country."
Dr. Lucy Waite spoke of the need
of legislation and said the bill to be
presented to the legislature does not
contain the word "illegitimate." "The
bill," she said, "provides that a child-
birth constitutes a marriage unless
one of the parties is already married.
Really there is no such thing as an
illegitimate child. There may be il-
legitimate parents, but every child that
comes into the world has legal rights.
Here in Illinois we have the worst
law in the world. It provides that a
man can settle with the mother of his
infant by paying her \$550 within ten
years after its birth."

scientist and inventor to many elec-

of war.

He was born in Sarnerville, Me.,
in 1840, but for many years has re-
sided in London. He was a brother
of Hudson Maxim, the famous Ameri-
can inventor, who made smokeless
powder and invented the famous sil-
encer.

er, Hiram, ran along the same lines
and for years there had been a bitter
estrangement between the two men,

Most of the controversy was over the
priority of inventions.

Hiram invented the self-regulating
current machines; "Cordite," a smoke-
less powder, Maxim gun, automatic
system of firearms and many other
munitions of war.

He was knighted by Queen Victo-

voted much of his time to perfecting
aerial navigation.

URIC ACID IN MEAT CLOGS THE KIDNEYS

Take a Glass of Salts If Your Back Hurts or Bladder Bothers You Drink More Water.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weak; then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush out the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure, and makes a delightful effervescent lithia-water drink.

ATTEMPT AT MURDER NEAR NEW ROCKFORD

(Tribune Special Service).

New Rockford, N. D., Nov. 23. Frank Caruse, an Italian, fired four bullets from a revolver into the back of Mike Vahre, also a native of Italy, near the coal sheds, this morning at 7 o'clock. The intestines of Vahre were penetrated twelve times by the wounds.

Cause of the shooting was the accusation made by Vahre that Caruse robbed him of ten dollars and some clothes. Both went to work this morning. Vahre was stooping over and pushing a hand-car when Caruse, walking behind him, pulled a .38 revolver from his pocket and opened fire.

MOTHER OF FOUR CHILDREN

How Lydia E. Pinkham's Vegetable Compound Kept Her Well and Strong.

Lincoln, Illinois. "I have used Lydia E. Pinkham's Vegetable Compound for ten years with good results and I have four healthy children. This summer I was in a very run-down condition and the very hot weather seemed more than I could stand, but I commenced taking your Compound in June and from then until September 25th, when my last baby was born, I got along much better than I had before. My baby was a girl and weighed 34 pounds at birth, and I recovered very rapidly which I am sure was due to your medicine. I am well and strong now, nurse my baby and do all my work. I had the same good results with your medicine when needed before my other children came and they are all healthy. My mother has taken your medicine with equal satisfaction. She had her last child when nearly 44 years old and feels confident she never would have carried him through without your help, as her health was very poor." Mrs. F. F. CLOYD, 1356 North Gault Ave., Decatur, Ill.

Expectant mothers should profit by Mrs. Cloyd's experience, and trust to Lydia E. Pinkham's Vegetable Compound.

SWIMMING TANKS FOR TACAMUS PARKS

Chicago, Nov. 24. Swimming tanks will be established in the big league ball parks of this city when the players pry the lid off in 1917. President Comiskey of the White Sox, ordered a swimming tank installed at his ball park on the south side. The stockholders of the Cubs, who held their annual meeting several days ago, thought so well of the innovation that they have ordered the architect to draw up plans for the installation of a swimming pool at the north side park.

MICHIGAN "AGGIES" CLOSING POOR SEASON

East Lansing, Mich., Nov. 24. The Michigan Agricultural college football eleven has closed one of the most unsuccessful seasons it has had in a decade. This was Coach Summer's first year here and there seems to be a division of opinion as to whether he will be back next autumn. It is quite generally admitted, however, that Summer did well in developing green material but it has been claimed that his method of lecturing his men has not been unanimously approved.

There's no sense in mixing a mess of mustard, flour and water when you can easily relieve pain, soreness or stiffness with a little clean, white Musterole. Musterole is made of pure oil of mustard in the form of a pleasant white ointment. It takes the place of out-of-date mustard plasters and will not blister. RIGHT TO DO BUSINESS IS QUESTIONED

Plaintiffs in Paving Case Allege Ford Company Not Authorized to Contract in State

ALSO CLAIM PAVING FIRM HAS NO AUTHORIZED AGENTS

The introduction of an amendment to the original amended complaint by counsel for the property owners and the waiving of two points by both the defense and the plaintiffs relating to the ownership of the property and that the property abutting the proposed paving, constituted the main developments in the case of the second district property owners against the city commission, which came up for a hearing in the district court this morning.

Asks Leave to Amend Bill, Judge S. E. Ellsworth of Jamestown, one of the counsel for the plaintiffs, asked leave at the opening of the hearing to amend the original amended complaint to include certain allegations which have since come to the attention of the attorneys for the property owners.

Among these new developments, in connection with the case whereby the owners are making an application for

a permanent injunction to restrain the city from carrying out its proposed paving in the second district, are that on September 12, 1916, at the time the contract was negotiated that the Ford Paving corporation was a foreign concern and was not authorized to do business in the state and that the plaintiffs were unable to find an authorized agent to represent it; also that irregularities have been found in letting the contract and material defects discovered in the specifications.

Judge Ellsworth also declared in opening his argument that the commission delegated powers to its engineer, which the law does not provide and he also indicated that there might have been excessive bids because of this fact.

City Auditor Thistlethwaite took the stand about 11:30 o'clock and identified certain commission proceedings. His testimony, it was stated today, will be the only oral evidence to be introduced.

This afternoon records of evidence, resolutions and motions were considered.

The Dome Oil company's charter authorizes it to construct pipelines, to store and transport oil and gas and other mineral products, to procure right of way for pipe lines, to lease and own mineral lands; to erect laboratories, smelters, etc., and to treat gold, silver, lead, copper, iron and other minerals.

The company's incorporation fee of \$232 was one of the largest the secretary of state's office has received in some time.

The possibilities of the Marvath oil and gas field are considered great. Governor L. B. Hanna is among the prominent financiers of the state who are interested in the development of the region.

MINNESOTA PAYS TAX ON BIG INHERITANCE

Collection Made By State Commission on Kinyon Estate of \$250,000

The state tax commission has just collected from George R. Kinyon, a prominent banker of Owatonna, Minn., a check for \$20,000, representing the inheritance tax due North Dakota on the estate left by the late W. R. Kinyon.

The deceased owned \$250,000 in first mortgages on Dakota real estate. The tax commission held that this estate was taxable in North Dakota under the provisions of the inheritance tax act. George R. Kinyon, the heir, contended it was not. Numerous letters were exchanged. Finally Tax Commissioner George E. Wallace advised Kinyon that unless the tax was paid some of Kinyon's satisfactions in North Dakota would be set aside. A check for \$20,000, one of the largest sums yet collected on a single estate in North Dakota, came back by next mail.

more dissatisfied, according to the Norwegian viewpoint, has the chauvinistic press been, and papers such as the Koelische Zeitung and Frankfurter Zeitung very often have threatened mercantile reprisals after the war.

Germany Bitter.

Nothing seemed to have created a greater bitterness in Germany against Norway than the government's ordinances, prohibiting the export of certain foodstuffs, which Norway needs for itself especially the ordinance of last August prohibiting exports of certain kinds of fish. Although fishing is one of Norway's main trades, yielding a great surplus for export, since the war so much fish has been exported that there has not been enough left for Norway itself and the country has been deprived of one of its main foodstuffs. The export to Germany has been increasing to such an extent that the people demanded that the government should take steps to provide fish enough for the home market.

After the torpedoing by German submarines of Norwegian ships in the Arctic ocean and along the coast this fall, the ordinance of October 13 was passed, which, like the Swedish, forbids belligerent submarines the use of Norwegian waters.

The Germans themselves declare they do not need and never used Norwegian waters in their warfare. Everybody here, then, asks how the Norwegian ordinance can be taken as alone directed against Germany and how it can be taken as an attempt to tamper with the German machinery. The press except the socialistic papers unanimously stand by the government in this case and will support its upholding the right of Norway to keep the sovereignty on its own territory.

First Popular Concert Phenomenal Success

Seldom has a group of local artists covered themselves with more glory than those who presented the program last evening at the popular concert given in the Auditorium. From an artistic standpoint it was a decided success, each number being given with splendid interpretation and finish. The concert was given primarily to further interest in and create a more pronounced musical atmosphere in the Capital City. Through the untiring efforts of Mrs. W. F. Cushing the program of last evening was made possible and the patrons of music were given a good insight as to the worth of the Capital City musical talent, as the program was given by the most representative musicians.

August Carl Lentz, violinist, of Milwaukee, was the only outside artist and he opened the program by playing a group of four numbers from Brahms, Mozart, and Steinwig. He also played a group near the closing of the program, using for his numbers the Slavik Dance by Dvorak; Nocturne D Major by Chopin; Brahms' Hungarian Dance No. 8.

W. L. Miller, tenor soloist at the First Presbyterian church, sang as his second number, and used the famous trilogy of war songs by Gertrude Ross, "War," "The Babe's First Cry," and "Peace." Mr. Miller, who is always a favorite and a great drawing card, won new laurels last evening. He was in splendid voice and received hearty ovations for his artistic interpretations. He was the only artist to appear the second time and sang for his second group, Mabel Daniels' "Song of the Persian Captive," and another work of Gertrude Ross, "The Open Road."

The four-hand piano number, "Pasacaglia," by Hugo Ramm, played by Mrs. J. A. Haney and Mrs. Edward Ross, was one of the strong numbers of the program. These two artists clearly established a reputation among the first pianists of the city. They were given a splendid ovation and responded to the encore. Miss Helen Fisk and Mrs. Rose also played a four-hand number, Wagner's "Die Walkyries." Miss Fisk is conceded one of the foremost musicians of the city. She is a pianist of unusual ability and charming personality.

George Humphreys, bass soloist of the First Presbyterian church choir, and known as one of the best singers in the city and community, displayed the wonderful range of his voice in his interpretation of "Song of Hybris the Cretan" by Elliott. He responded to a hearty ovation from his auditors.

With her rich mezzo voice, Mrs. F. E. Luchs charmed her auditors by her singing of Strauss' "Waltzerstraum" and the famous "Fata Morgana," by Alfendörfer. She possesses a voice of remarkable sweetness and tonal charm, which showed to advantage in her last number. She was called back for an encore and sang a part of "Fata Morgana."

A vocal duet varied the voice numbers and was given by Mrs. William V. Kiebert and Miss Dorothy McFarland. They sang with wonderful sweetness and finish, Brahms' "Thus

BOUNDS OF THE DUFFS WILL RUN CAME WITHIN ONE OF GETTING THE JOB

By ATTAMAN

We Will Wander" and Jensen's "Oh, Thou Golden Moment." The other voice number was given by Miss Elizabeth Bayliss, soprano soloist of the First Presbyterian church choir. She sang effectively a group of songs, including Edwin Schneider's "When the Dew is Falling," Mrs. H. H. A. Beach's "Ah, Love, But a Day," and the Italian waltz song, "Se Seran Rose." "Love in Springtime" by Ardit. For her encore number she sang Saars' "Little Gray Dove."

One of the most pleasing features and one which captivated the auditors instantly was the interpretive dance by little Miss Helen Steele, daughter of Mr. and Mrs. H. H. Steele. She gave as her number, "In the Shadows," by Herman Finck. She was given a storm of applause and responded with another charming dance. She reminded one of a little fairy as she interpreted the music in the dance. One regrettable feature was the inability of Mrs. H. H. Steele, soprano, to fulfill her engagement. Mrs. Steele had prepared Mozart's aria, "Il Re Pastore," and had hoped up until the last minute to appear.

Much of the success of the entertainment was due the accompanists, Miss Flora Harmon, Mrs. Rose, Mrs. Haney and Ben E. Lentz. They gave perfect support to the entertainers throughout their numbers.

Another special feature was the ensemble given by all the performers. They sang the catchy "Cibibirinin," by Pezillozzi, under the direction of Mr. Lentz, who also played violin obligatos for a number of the singers.

O. E. S. Initiation. A large class will be initiated this evening at the special meeting of the Elks Chapter Order of Eastern Star, which will be held in the Masonic temple. All the members are asked to attend.

Planning For Benefit Sale. Members of the St. Mary's Sewing circle met yesterday afternoon in the Knights of Columbus hall and spent the afternoon in furthering their plans for their food and fancy work sale which they will hold Saturday, December 9. Mrs. James Halloran and Mrs. Frank H. Geismann were the hostesses.

Church Sale Saturday. The ladies of the Baptist church are all in readiness for their food and fancy work sale which they will conduct Saturday in the office of the Gas Company, Fifth and Broadway. They will have a splendid assortment of fancy and domestic articles on sale which will be most suitable for Christmas gifts. The food sale will include an extensive line of home made articles.

Class Arranges Program. The seniors of the high school are arranging a most interesting program for the Thanksgiving entertainment which they will give in the auditorium of the high school Wednesday afternoon. Gov. L. B. Haefliger will make the address of the afternoon and several special musical numbers among them solos by Mrs. Ross and Miss Elizabeth Bayliss.

Newspaper Woman Here. Miss Lou Satturand, editor of the Washburn Leader, is spending several days in the city, called here by the death of her uncle, Louis Larson. While here she is the guest of Miss Aldyth Ward, of Seventh street. Her father, John Satturand, is also here attending the funeral of Mr. Larson. Miss Satturand is also spending some time with Mr. and Mrs. John A. Larson of Sixth street.

Camp Fire Girls Meet. Miss Marshall and Miss Densford of the high school faculty, who were last evening in organizing camp fire

girls' clubs in the city, are receiving a ready response from the high school girls. The Timpata camp met last evening with Miss Marshall and rehearsed Indian motion songs which will be used at the various ceremonial meetings. Miss Densford met with her camp this afternoon in the history room of the high school, when the first ceremonial meeting was held.

TO ADDRESS MEETING. Rev. Bruce E. Jackson of the Baptist church left today for Jamestown where he will be one of the speakers at the State Young Men's Christian

Association conference. A number of the Capital City boys will also attend.

GRIDIRON CHAMPIONSHIP TITLES TO BE DECIDED TOMORROW

CHOICE SEATS ALL
GONE FOR CHICAGO-
MINNESOTA CONTEST

Chicago, Nov. 24.—A repetition of the 1911 season is what the Midway students expect when the Maroons clash with the Gophers on Saturday. After a disastrous early season and an overwhelming defeat at the hands of Minnesota, the Maroons defeated Wisconsin, which had tied the Gophers, and Cornell in the last two contests. The surprising victory of the Maroons over Illinois, the conqueror of Minnesota, has inspired the Midway students to faith in an even greater comeback.

Badgers Had Feeble Front.
The task which confronts Stagg is a great one, but not such a problem as would seem by the 14 to 0 defeat which Williams' machine handed the Wisconsin eleven from Madison. After the first quarter, Wisconsin realized it was beaten and put up a feeble front, according to Assistant Coach Pat Page, who saw the game. The Badgers have not advanced since they defeated Chicago in October, while Stagg has revolutionized the spirit of his team and pulled it out of its sluggish early season form.

Stars "Pop" Up Maroons.
Two all-American players were at the practice session to help in "peppering" up the players for the coming struggle. Wallie Steffen, the great Maroon quarterback, who has been coaching Carnegie Tech, this fall, arrived at noon and went out to the field. Steffen turned out the best team that ever represented Carnegie, holding Pittsburgh and Cornell to two touchdowns.

"Shorty" Des Jardien, who coached Oberlin this season, was back in Chicago, glad that his schedule is complete. The Oberlin faculty expelled most of the first team of the great Maroon center for organizing a fraternity and "shorty" had to build an eleven out of men who had never touched a football.

Choice Seats All Sold.
The seat sale for the Minnesota game kept the business office on the jump all day yesterday. A long line attacked the gymnasium to secure pasteboards at the end of the day. Business Manager Merriam announced that all of the choice seats were gone.

GAME BETWEEN NORTH
DAKOTA AND MONTANA OFF

Missoula, Mont., Nov. 21.—The football game between the University of Montana and the University of North Dakota, scheduled for Thanksgiving day, has been cancelled, according to an announcement here.

LARGEST CROWD OF
SEASON AT YALE

New Haven, Conn., Nov. 24.—The monster Yale bowl, which seats more than 80,000 persons is not expected to care for all those who are fighting today to get the precious tickets for the annual Yale-Harvard clash. Temporary seats have been added to the great bowl and, even with these, it is expected that hundreds will be turned from the gates.

It will be the thirty-seventh clash between the two big eastern colleges and an element of uncertainty, more pronounced than in many years, hangs over the outcome. Harvard's supporters are claiming an edge thru the defeat of Princeton while Yale was losing to brown, but the whole football world has come to view the Yale team, under the coaching methods of Tad Jones with considerable respect.

It has been four years since the banner of victory was flung from the New Haven flagstaff after a game with Harvard and in those years Yale has scored only five points. Previous to that time Yale had virtually a corner on scoring in the tie with her aged enemy, 1912 was the last Yale year when the Blue cohorts smothered the Crimson 20 to 0.

Graduates have left Harvard without the brilliant Brickley and Mahan, but the work of Casey and Horween in the backfield, with a forward line fully up to the Houghton standard, has made Harvard a favorite. Yale has come fast under the tutelage of Tad Jones and will present a formidable front.

KICKS 21 GOALS
WITHOUT A MISS

A record almost unique in football has been made by De Vitallis, the Brown tackle, during the 1916 season. De Vitallis is the premier kicker on the Brown team and has made 21 goals from touchdowns during the season without a miss. In addition he has kicked several field goals and has done most of the punting.

FAN JOHNSON GIVES
MOOSE TO OHIO ZOO

Cincinnati, Nov. 24.—B. B. Johnson, president of the American league and a former Cincinnati, has contributed a bull moose to the collection of animals in the Cincinnati Zoological Gardens. August Hermann, chairman of the National Baseball Commission and also chairman of the "Zoo" commission in announcing the gift, said that some time ago Mr. Johnson promised to contribute \$500 to the Zoo fund, but instead spent that amount in capturing the bull moose. The moose will be the first specimen of that family the Zoo has had in 15 years. It was caught in the wooded preserves of the Jerome hunting and fishing club, near Mercer, Wis.

FULTON MAY BOX JESS
WILLARD, SAYS FORC

Frank Force, well-known writer of sports and manager of Fred Fulton, gave out an interview in St. Paul yesterday in which he stated that the Horchester plant may meet Jess Willard in a ten-round bout at Milwaukee in December or January. Force says Tommy Andrews of Milwaukee, well-known promoter, called on him in Milwaukee last week and offered Fulton \$10,000, with an option of 20 per cent of the receipts, to go against the world's champion. Force avers he promptly signed the articles and that Andrews then departed for Chicago, where he hopes to have Jess affix his signature.

DETAILS FOR BARK AT
JAMESTOWN COMPLETE

(Special to The Tribune).
Jamestown, N. D., Nov. 24.—Details for the wrestling bout to be staged in Co. H armory hall in this city between Tony Bernard and Al Otness, of Ferguson Falls, were completed today and both men will arrive here tomorrow or Sunday and spend the intervening days before the bout training in Jamestown.

Spot fans are confident that the holiday match will prove a great drawing card as both men are well known as artists in this line of entertainment. Bernard holds the middleweight title of South Dakota.

The Western Conference
Season Closes Saturday

Chicago, Nov. 24.—Football in the Western Conference will close for 1916 tomorrow, with the championship battle between Northwestern and Ohio State, at Columbus, O., topping off the schedule. Only a tie score can prevent the season's gridiron honors of the "Big Nine" from being decided, as both teams have gone through the season undefeated.

GREAT INTEREST IN LAST GAMES.
Minnesota will clash with Chicago, and Illinois will oppose Wisconsin in the remaining "big" games of tomorrow's schedule. These games, usually the deciding factors of the conference championship, are exciting almost as much interest as the title affair between Northwestern and Ohio State.

CHICAGO FACES GOPHERS AS CONFIDENT.
Minnesota, which was unexpectedly defeated by Illinois, still is regarded by many close followers of western football as the most powerful eleven in the conference. But determined to force Minnesota to play all the football it knows, Chicago will face the Gophers tomorrow confident of putting up the same kind of a fight it did in its victory over Illinois a week ago. If perfect condition counts, critics believe it will be a close battle, as the Maroons came out of the Illinois game without injury and are not discouraged over the big record Minnesota rolled up against Wisconsin last Saturday.

FORWARD PASSES WILL FEATURE.
Forward passes probably will be a factor in the battle. For both teams have made good use of the route in recent games. Wynian and Easton of the Gophers, especially good performers in handling passes. Joe Spill of the long fullback of the Minnesota squad, expects to get his chance to show he has sufficiently recovered from recent injuries.

WILD SCRAMBLE FOR SEATS.
There has been a wild scramble for tickets and there is every indication that the contest will be the most watched by the largest crowd that has poured into Stagg Field since 1911.

Western Conference which will be held Saturday, Nov. 25, at the Purdue University course here, has drawn the largest entry list ever nominated for the event.

A total of 149 contestants have been entered. Kansas and Ames of the Missouri Valley Conference have entered teams to compete with Chicago, Indiana, Purdue, Iowa, Ohio State, Wisconsin, Minnesota, Northwestern and Illinois.

The annual football game between Purdue and Indiana will be decided on the afternoon of the run.

ARMY HOLDS EDGE
OVER THE MARINES

New York, Nov. 24.—When the Army and Navy meet tomorrow at the Polo grounds here it will be the twenty-first football contest between the two branches of Uncle Sam's service schools. Of the 20 contests already decided the Army holds the edge by one victory, having captured ten contests, the Navy nine, and one has been a tie.

With such men as Oliphant, Gerhardt, Vidal and McEwan making up the strongest part of this year's team, the Army is being generally favored to win. And, in addition to this the West Pointers put a victory over on Washington and Lee, a team which had little trouble in taking a fall out of the Middles.

The Army-Navy game, aside from its importance in the football world, takes rank as one of the most vivid color displays, and the most "peppy" affair of all the eastern conflicts, not even excepting the annual clash between Yale and Harvard. The Polo grounds where the game will be played, is one of the largest enclosures in the country.

The Army and Navy hold the bulk of the tickets with about 13,000 in the hands of the public.

Joe Novak, the home-guard, started road work and rode skipping this morning, preparatory to the big match for Thanksgiving eve in the Army with B. North of Minot, claimant of the middleweight championship of the state. Work-outs will be held daily from now on.

Both men will appear on the mat at 8:30 o'clock or forfeit their appearance money. It was announced this morning that tickets for the match may be procured by the first of next week, at any of the leading hotels. The first two rows encircling the mat will sell at 75 cents a seat. Those back of the first, at 50 cents.

INSANE MAN NOT SO
"NUTTY" ANY MORE

Detroit, Mich., Nov. 24.—Found wandering about the outskirts of Detroit recently, proclaiming that the Detroit Americans would win the pennant in 1917, the police promptly took him into custody, alleging that he was insane. He was detained pending investigation to determine whether his condition was caused by the 1916 pennant race or by exposure.

TRY TO AROUS NEW
SPIRIT IN AUG-BS

Madison, Wis., Nov. 24.—Coaches today were working to inculcate new fighting spirit in the University of Wisconsin eleven preparatory to the game with Illinois on Saturday. Enthusiasts here were doubtful as to the lineup which will face Illinois. It was doubtful whether Captain Haulmeyer will be able to play Saturday and Glen Taylor, suffering from the loss of his football memory as a result of a bruised head in the Minnesota game, was working to relearn his signals.

MISS MINNAPOLIS
IS GOING VISITING

Minneapolis, Nov. 24.—Miss Minneapolis, the speed champion for the world in motor boat line, is going visiting. The flyer is not stored at the shop of Chris Smith, Algonac, Mich., and will be shipped to New York and placed on exhibition at the motorboat show to be held there. After the show the craft will be expressed back to this city and stored for the winter.

THOMAS WAS CHANCE TO
RECOVER FROM BLOW

New Orleans, Nov. 24.—Joe Thomas was not to die as a result of his severe beating by Joe Rivers this week. Thomas was removed from the Charity hospital to his home this morning. He is recovering, but is still very ill from the effects of his head hitting the hard floor of the Tulane Athletic club arena ring.
